- **Laibe Corp. was founded by Al Laibe in 1962 as a Cyclone Drill Distributor**
- **Mark Laibe assumed control of Laibe Corp. when Ingersoll-Rand purchased Cyclone Drill in the early 1980's**
- **Laibe Corp established itself as a large distributor for IR from 1962 – 2003...**
- **With many years of experience as a IR Distributor, Mark Laibe decided to develop the Versa-Drill Line in 1989...**

VERSA-DRILL

Lightweight / Compact / Powerful

WHY?

- 1. Drill Rig Innovations!**
- 2. Raise the standards of Quality!**
- 3. Build a brand that will change the industries mindset and “Build what the driller wants...”**
- 4. Expand in to World Markets!**
